*Under the Centre for the Study of Developing Societies, New Delhi*

*Organised by Human Resource and Research Innovation Centre &  
IQAC, S. Kula Women's College, Nambol*

*on 1<sup>st</sup> December 2020*

We are doing a survey of police across the country, to gather their perspective towards the police system and criminal justice system. It covers aspects such as conditions of duty hours, work-stress, obstacles in investigation, etc. We are interviewing thousands of police personnel across the country. Based on this study, a report on the status of policing in India 2020 will be produced.

We are conducting a survey on people's perception and experience of dealing with the police. Every person over the age of 18 has an equal chance of being included in this study. There is no risk and also no benefit in participating in this survey and your participation is voluntary. This survey is an independent study and is not linked to any political party or government agency. Participation in *this survey is voluntary*.

Most of the states have completed this National Survey; in Manipur they identified 4 districts viz – Imphal East, Jiribam, Chandel and Churachandpur. All together 568 samples will be collected of which 200 from Police personals who are posting in this areas, and 368 samples from civil population from these districts. 18 Field Investigators from Manipur Universities, Tata Institutes of Social Sciences and other localities are using in this survey
