**S. Kula Women's college**

The department of Geology organized the "Earth Day 2021" on the Thursday, 22<sup>nd</sup> April 2021 at S. Kula Women's College with the Theme "Restore our Earth" by the Students and Teaching and Non-teaching staffs of the college, under the guidance and leadership of Dr. Wahengbam Robindro Singh.

The observation was planned for special speeches to motivate and spread awareness on current environmental issues and to discuss the present environmental scenario in Manipur. But due to the second wave of Covit 19, the observation was restricted to only tree sapling plantation in and around the college campus. Medicinal and endangered tree species like Manahei, Chaohei and Karpoor are chosen for the plantation.

**INNAUGRAL OF THE OBSERVATION**

The observation started at around 11 am in the presence of Principal, W. Robindro Singh, teaching and non-teaching staffs and students. A total no of 35 (Teaching, non – teaching and Students) participate the observation. Sixteen medicinal and endangered plants- Manahei-6, Chaohei-5 and Karpoor- 5 saplings are planted in front of the old B.Ed building of the college.

**PLANTED BY: DR. W. ROBINDRO SINGH, PRINCIPAL**

**TREE SAPLING PLANTATION BY TEACHERS OF THE COLLEGE:**

After the plantation of the Saplings, the Participants have a short session of interaction and the observation concluded with light refreshment which was arranged at the Department of geology.

We the Geology Department, thank Dr.W. Robindro Singh, Principal, S. Kula Womens college for giving all the support for the observation. We Acknowledge all the teaching, Non-teaching and students for participating the observation with true spirit of love towards Mother Earth.

***The climate change and corona pandemic have reminded us of the harm we've caused. Thus, we must restore of our earth not just because we care about the natural world, but because we live on it. -----earthday.org***
