Dr. W. Robindro Singh
Principal, SKWC &
Chairman Organising
Committee

Concept Note:

Health is one of the most important indicators of development in any types of society. Community health and hygiene help to prevent infectious diseases from spreading throughout a neighborhood, school/college compound, office space, and other social spaces. Healthy Lifestyles and Hygiene practiced regularly create healthier communities. On a more global scale, community behaviour, and community hygiene help save lives of the world's children and youth population. The environment is defined as the surroundings of a physical system that may interact with other systems by exchanging mass and energy. All living beings and non-living things fall under the natural environment. The environment is the surrounding that we live in, so it is our responsibility to protect it from destruction. Environmental pollution is one of the greatest problems that human society is facing today. Air, water, and soil form the three basic areas of environmental pollution. When there is an undesirable change in the surroundings that has harmful effects on plants and animals, it leads to environmental pollution. A pollutant is a substance that causes pollution. We can have pollutants in liquid, solid, or gaseous forms. A substance becomes a pollutant when its concentration is greater than the natural abundance and this increase in concentration is either due to human activities or natural phenomena. Some pollutants can be degraded and rapidly broken down by natural processes similar to the degradation of vegetables. We also have pollutants which take decades to degrade, once released cannot be easily removed. For example, DDT, plastic materials, heavy metals and nuclear waste. Pollutants are classified as notable pollutants, fund pollutants, and light pollutants. The concentration of pollutants is measured to determine risk assessment in public health.

Call for Paper:

We are looking for original research papers from intending scholars, teachers of various disciplines, who dealt with concern topics and to address on any aspect of the aforesaid theme. Abstract of the paper (approximately 300 words) and full paper (approximately 4000 words) in MS-Word, 12 Font Size in Times New Roman/Arial, should be submitted along with details of Name, Address, present position (researcher/scholar/designation) active e-mail, contact number, through sociologyskwc@gmail.com and contact to Convener Dr. Seram Bhogendra 9436207315

Timeline:

Last date of Submission of abstract – 20 October 2024; Approval of Abstract – 25 October 2024
Submission of full paper – 30 October 2024

Plan of publication:

All the selected papers presented on the Conference with standard form of research papers maintaining academic write-up structure will be published in a reputed publishing house in edited volume.

Registration link <https://forms.gle/S7rFBepv9u94Uwyx6>

Category	Early bird registration upto 25 Oct. 2024	Late registration upto 02 Nov. 2024
Delegates/presenter	Rs. 2000/-	Rs. 2500/-
Research Scholar/NGOs/presenter	Rs. 1500/-	Rs. 2000/-

Details of Bank:

Punjab National Bank (MRB);
Branch – Nambol
AC Holder - S. Kula Women's College;
AC No. 9003013145234;
IFSC code - PUNBORRBMRB

Alternate means – you can also pay through Cash payment or PhonPe, Paytm, Gpay to convener
Dr. Seram Bhogendra 9436207315

Accommodation: Free accommodation shall be provided to all the outside Manipur participants from 7 – 10 November 2024, on first come first basis as seat capacity is limited. Latecomers should arrange accommodation on their own cost at Castle Hotel, Palace Compound, Opp.- Shri Govindajee Gate, Imphal East - 795004, Manipur

Connectivity: Manipur is connected by Bus, Taxi and Air from different corners of India and abroad but no train service is started. The nearest train station is Dimapur in Nagaland. From different destination, airline connected with the lone airport (Bir Tikendrajit International Airport/Imphal Tuliha Airport) which is about 7 kms from capital city Imphal. The venue of the conference is on the same way of airport just about 8 kms from airport.

About the venue: S. KULA WOMEN'S COLLEGE, (SKWC) is a College with Potential for Excellence conferred by UGC, and accredited 'B+' Grade by NAAC, Affiliated to Manipur University, and recognised under 2(f) 12(b) of the UGC Act, is located at Kongkhampat, Nambol under Bishnupur District of Manipur, India. It is away from the hustle and bustle of city life and noisy roads, 15 km away from Imphal (8 km from Imphal Airport) towards the south. This women's institution is an amalgamation of a high standard in academics, coupled with a number of personality development programmes designed to cater to the individual, societal, and global needs.

For any Query please contact the Convener Dr. Seram Bhogendra 9436207315 sociologyskwc@gmail.com
