Action Report	<p>The celebration of National Science Day 2025 at our college commenced with a talk session delivered by the esteemed invited speaker and chief guest, Dr. Senjam Sunil Singh, along with insightful contributions from the faculty members of the college. Dr. Sunil Senjam focused on the importance of scientific advancements and their role in shaping the future, inspiring both students and staff.</p> <p>The second part of the event was dedicated to an Essay Competition for students. The students showcased their creativity and knowledge on the theme of science, with several notable entries being received. The competition was keenly contested, and the results were declared shortly after the event. Prizes were awarded to the top performers, and</p>		

	<p>certificates were distributed to encourage further participation and enthusiasm in scientific endeavours.</p>
<p>Outcomes / Impact of the activity</p>	<p>The Programme helped increase awareness among students and staff about the significance of science and technology in contemporary society. The talk inspired many to explore scientific topics in more depth and think critically about their future contributions to the field.</p> <p>The essay competition saw active participation from students, which encouraged them to think creatively and critically about the theme of science. It provided them with an opportunity to express their ideas and insights, fostering a deeper appreciation for scientific discovery and innovation.</p>
<p>Feedback</p>	<p>The feedback from participants, faculty, and guest was overwhelmingly positive.</p>
